 - Node.js

ABOUT

Hi! My name is Le Bao Thinh. I greatly value personal independence and responsibility. I have 3 years of working experience on various projects in UI development for mobile applications. I have worked hard to develop a wide range of forward-thinking user interface programs, which have all improved user experience. My ambition is to become a Product Manager in the next 2 years. That is why I am applying for this position to gain more experience and sharpen my skills.
