- Passionate in Software Development
- A quick learner and put 100% effort in making responsibilities done
- Honest, friendly, responsible
- Can work with many types of stakeholders and solve technical problems well
- High motivation with teamwork and independence also
- Good at Reading and Writing, Good Communication

WORK EXPERIENCE

April 2024 - Present **SLZ -SoLaZu**
Position: .Net Developer

- Review code
- Writing technical documentation and utilizing Test-Driven Development (TDD) practices.
- Maintenance and implement new feature.

November 2021 -
February 2024

SM - StepMedia

Position: Fullstack

- Develop new functions as required, write UnitTest and fix bug, increase performance.
- Demo new functions for QA and Lead then discuss with them about that feature by English.

September 2018 -
November 2021

VIF - VietInfo

Position: Software Engineer

- Analysis and develop Winform, Web
- Receive and process feedback from customers

December 2017 -
August 2018

SHS - Software Hardware Solutions

Position: IT(Dev)

- Analysis and develop HR-website

August 2017 -
December 2017

The Diamond World

Position: IT

- Be trained about 1 month
- After 1 month: Build and develop hr-website about 1 month
Build program to get purchase and warehouse about 1 month

PROJECTS

WFM - Workforce Management

(4-2024 - Present)
