Suga (July 2021 - July 2022)

Hero & Empries (Game - Fi)

Heroes & Empires is a strategy game that combines the distinctive elements of Idle RPG connected with block-chain. Besides, by taking advantage of the Non-Fungible Token (NFT) characteristic to create characters and items and Play-2-Earn elements, players can earn a steady income thanks to De-Fi integration while still being satisfied with an entertaining gaming experience.
